LAS CRUCES >> ACTion Programs For Animals/Dona Ana Pets Alive! rescued 28 animals in the past week from the municipal shelter, many of which were special-needs, according to a news release from the group.

As part of their Dona Ana Pets Alive campaign, volunteers and fosters rallied their support so the organization could rescue 28 shelter animals.

The group is seeking assistance from the community to help in the treatment of their heartworm-positive dogs and reminds the community that foster caretakers are an important part of the group's success.
